AGENCY OF TRANSPORTATION

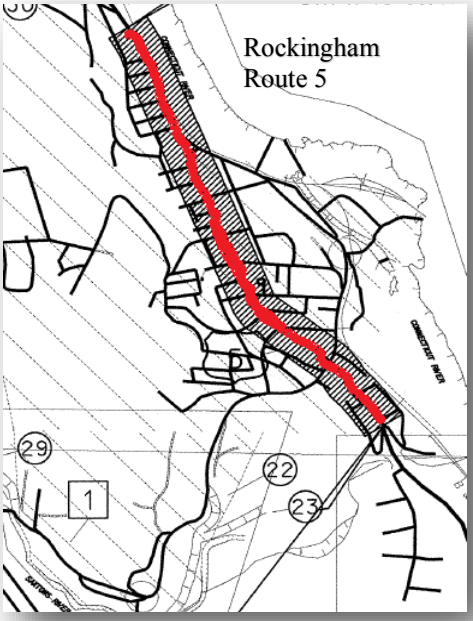
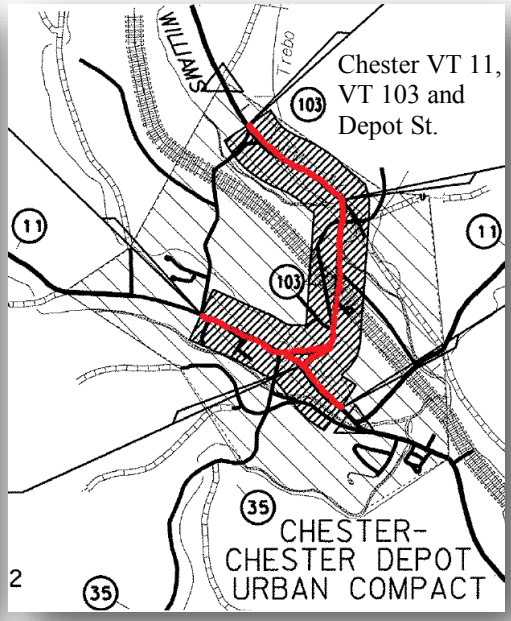
The project work will begin in Rockingham on US Route 5 on July 29, 2015. The project area along this roadway starts at the town line of Rockingham and Westiminster, VT and extends 1.498 miles northerly. Project work in Chester will start in early August 2015, and the project area includes 1.666 miles along VT 103, 0.85 miles along VT 11, and 0.202 miles along Depot Street as shown on the map below.





Project work in both Rockingham and Chester includes: cold planning the existing roadway and resurfacing with a leveling course and a wearing course. It also includes: new pavement markings, signs, drainage improvements, sidewalk ramps, and other highway related items. There will be a rail grade crossing rehabilitation in Chester Depot.

For additional information regarding this project, please contact the Project Outreach Manager, Jacqueline Dagesse at jdagesse@eivtech.com or directly at 802-324-5522.
